Fontana Unified Students to Explore Future Pathways at Annual Regional College and Career Fair

WHAT: Thousands of students and families from Fontana Unified will map their futures for college and career at the Regional College and Career Fair, a one-stop-shop opportunity for students to gather the resources and tools to achieve their goals. Fontana Unified hosts the event annually in partnership with the Chaffey Joint Union High School District.

An estimated 65,000 students across both districts will be in attendance to explore the endless possibilities waiting for them after graduation. Students will have the chance to connect with potential employers and network with colleges and universities to gain insight into numerous academic institutions and career fields. The event is part of Fontana Unified's commitment to boosting college and career readiness by removing barriers and increasing access to information and financial support.

WHEN: **Wednesday, Oct. 9**
4 to 7 p.m.

WHERE: Ontario Convention Center
2000 E Convention Center Way, Ontario

DETAILS: Admission to the Regional College and Career Fair is free and open to K-12 students and families to learn more about what the more than 70 institutions in attendance, including in-state and out-of-state private and public educational institutions, trade schools, local employers, and more, have to offer.

This year's event will feature four breakout sessions designed to offer deeper insights into specific educational and career pathways. Subject experts will be on hand to lead discussions on education beyond high school, college and career readiness, leveraging army training for civilian careers, and dual-enrollment opportunities at Chaffey College.

Coverage and/or inclusion of this event in your calendar of events is welcome and greatly appreciated.

OUR MISSION: The mission of the Fontana Unified School District is to graduate all students prepared to succeed in a changing world. Fontana Unified School District celebrates learning through the development of the whole child. Our commitment to excellence provides quality education, in depth, for all students.
