Hacienda La Puente Unified Appoints Long-Time Educator John Roach as Superintendent

CITY OF INDUSTRY, CA – John Roach has been selected as the next Superintendent of Hacienda La Puente Unified School District (HLPUSD), bringing decades of experience in public education, a deep commitment to student success, and a passion for creating safe, engaging learning environments rooted in transparency and collaboration.

Throughout his career, Roach has served in a wide range of educational leadership and instructional roles, including assistant superintendent of educational services; senior director of assessment, research, data analysis, and educational technology; director of secondary curriculum; middle school principal; and elementary school teacher. Each role has reinforced his dedication to public education and to supporting students, staff, and families.

“I am very grateful for the opportunity to join a dedicated and talented team of professional educators and staff as the next superintendent of HLPUSD,” Roach said. “I look forward to building upon the strong foundation of success and opportunities available to our students and community, and collaborating with all of our partners to move the District forward with purpose, innovation and equity.”

Roach earned his bachelor’s degree in elementary education from the University of Idaho and later completed his master’s degree in educational administration at California State University, San Bernardino.

The District’s Board of Education voted to approve Roach’s appointment as the permanent superintendent during a Dec. 11 Board meeting.

“Everybody here on this dais sees your passion, drive, and commitment to public education,” Board president Gino Kwok said during the meeting. “We look forward to working with you in service of our students and community. The best days of our school district lay ahead under your leadership”

The District led a comprehensive superintendent search throughout the fall semester, which included establishing selection criteria, gathering community input through an online survey, holding individual and group meetings, and conducting an extensive review and interview process.

Roach officially assumed the role of Superintendent on Jan. 5, 2026.
