Fontana Unified to Host Inaugural CTE and STEAM Community Expo

WHAT: Fontana Unified School District will host its inaugural Career Technical Education (CTE) and Science, Technology, Engineering, Arts, and Mathematics (STEAM) Community Expo, where high school students will help guide an expected 1,000 young learners as they explore careers through hands-on experiences and interactive displays, including a 500-square-foot inflatable planetarium.

The expo will feature more than 40 exhibitors showcasing the District's CTE and STEAM programs. Admission is free and open to the local community.

WHERE: **Jurupa Hills High School**
10700 Oleander Ave., Fontana
Saturday, Nov. 14
10 a.m. to 1 p.m.

DETAILS: The District's Career Readiness and Workforce Development team will host the expo in partnership with the K-12 STEAM Department.

Attendees will take part in interactive experiences, including trying their skills on a virtual forklift simulator, delivering a mock newscast from a teleprompter, taking to the skies in state-of-the-art flight simulators, racing remote-controlled cars, and decorating cupcakes at the culinary arts booth.

Coverage and/or inclusion of this event in your calendar of events is welcome and greatly appreciated.
