Rio Hondo College, Community Partners to Hold Financial Aid Workshop and Application Lab on Feb. 6

WHITTIER – Rio Hondo College and two community partners will host a college financial aid workshop and application lab on Saturday, Feb. 6 at the College, 3600 Workman Mill Road, Whittier.

Students attending the Cash for College event will receive information about aid options, access to computers and help filling out forms, including the Free Application for Federal Student Aid (FAFSA), Dream Act and the Chafee foster youth aid application.

“Financial aid is a critical element in deciding on your college path,” Superintendent/President Teresa Dreyfuss said. “Programs like this workshop help families to understand the highly complex system of aid and access the appropriate programs to help them begin their journeys.”

The event is a collaboration among Rio Hondo College’s Student Services Division, Assemblymember Ian C. Calderon, D-Whittier, and the Long Beach California Student Opportunity and Access Program (CalSOAP).

“This is a great opportunity for students to gather information from financial aid experts as they make critical choices about their future,” Assemblymember Calderon said. “I am excited to partner with Rio Hondo College and CalSOAP to expand access to higher education and ensure that a student is not turned away from a college education because he or she cannot afford it.”

Rio Hondo Board of Trustees President Mary Ann Pacheco said the day’s program represents the College’s commitment to the community.

“Rio Hondo College isn’t just a great community college – it’s the community’s college. And that means we take seriously our role in helping students discover what they can achieve,” Pacheco said. “This workshop is for our community’s high school students who are considering where to start college as well as for our dedicated Rio Hondo students who are ready to tackle the next stage of their education.”
