### Whittier-area Students Embrace Innovation at Team Science Summer Camp

**WHAT:** Pioneer High School is hosting its annual **Team Science Summer Camp**, a three-weekend program for K-12 students designed to ignite their interest in science, technology, engineering and math (STEM) through hands-on workshops looking at subjects such as forensics and mock crime scenes, Mars colonies and volcanic rocks.

**The media is invited to talk to students, volunteers and organizers involved in the interactive learning adventure during the last weekend of the summer program.**

**WHEN:** 10 a.m., Friday, July 25

**WHERE:** Pioneer High School  
10800 Benavon St.  
Whittier, CA 90606

**DETAILS:** Team Science, a non-profit organization, in 2013 partnered with the Whittier Union High School District, Los Nietos, South Whittier and Whittier City school districts to offer STEM education programs to more than 350 K-12 students from throughout Southern California. Summer Science Camp classes cover a vast array of age-appropriate math and science subjects, including botany, biology, chemistry, astronomy, physics, engineering and more in an interactive hands-on environment that fosters experimentation, discovery and innovation. Classes are led by industry professionals (active and retired), teachers (active and retired) and college students who volunteer their time.

New workshops this summer include "Kids to the Rescue," where students learn life-saving skills, including CPR, making splints and using bandages, and "Racing into Science," where participants build a small race car for competition.
